### Chesham Connect Funding Criteria

#### Criteria for Approving Funding

- Chesham Connect aims to be the Hub of the local community: supporting voluntary and community groups, and providing advice, financial help and encouragement to both new and established groups, for the wider benefit of Chesham.
- We offer small grants (in the region of £250) to groups, organisations and individuals in support of initiatives of benefit to the Chesham Community.
- Chesham Connect funding is intended to help start a new project or, occasionally, to assist in initiating a new phase of an existing project and should usually be related to a specific proposal.

#### Our key criteria used to assess an application are:

- Applicant has strong links to the Chesham/Greater Chesham area and is a member of Chesham Connect (or undertakes to become a member as result of making this application)
- The project will benefit the community and fits Chesham Connects' [Mission Statement and Aims](#).
- The applicant has presented a plan with details of the aims of the project and projected outcome. Also with details of the planned costings and health and safety considerations commensurate with the scale of the project.
- An applicant can only be supported for a maximum of three years for the same project other than in exceptional circumstances (these circumstances to be agreed by the Executive Committee when considering each application).
- The applicant must agree to support and promote Chesham Connect and to give a verbal update at the Chesham Connect AGM. Date to be advised.
